To new staff members

Name	Unit/Position
Alebachew Abraham	Senior Engineer, Dila

Meetings/ workshops in May

28.05.10: Monthly UCBP Breakfast, location: TK Bldg 9th floor.

Infos from Addis Ababa...

- **The last capacity development phase** of the infrastructure component of Tier I and Tier II Companies has been successfully concluded. Manfred Off, Director, CCB awarded certificates to the participating companies and individuals and expressed his belief on the difference they can make in the construction sector. More than 50 participants and other invited guests took part at the closing event held at the GTZ IS Ethiopia Office on the 30th of April.
- **83 Tier III companies** continue to be involved in the on-going project of 116 Lots, 15 networking and 14 major waste treatment plant activities in the sites, even though the capacity development phase has come to an end.
- Meeting with all national Site Managers, resident engineers and regional international Site Managers, was conducted on April 29th at Imperial Hotel. The purpose of the meeting was to **define responsibilities** of the national Site Managers and function of regional international Site Managers.

Infos from the sites...

- **A climatic adapted** architectural concept has been devised in combination with the UCBP construction system, together with local and traditional construction systems in Semera site by Anatol Asfaha. For details on this, please contact anoatol-asfaha@gmx.de.
