Meetings/ workshops in February

- **24-25.02.11:** Introductory course for new staff, location: German House
- **25.02.11:** Monthly GIZ IS Breakfast, location: TK Bldg No.2, 9th floor

Infos from Addis Ababa...

- **KOCKS Consult GmbH** is currently here in Addis Ababa at the UCBP office consulting on capacity building with respect to Waste Water Treatment Plant (WWTP) technology introduction at all the 15 UCBP sites.
- A new unit, **Internal Services Provision and Administration** has been set up and starts operation in February 2011. Headed by Anne Kempf, the unit will be responsible for the overall internal service provision and Procurement services in GIZ IS ET.
- The infrastructure, building and finalization units of the UCBP have now **merged** to form one unit as of the beginning of February 2011.
- A workshop on the **Year End Closing** will be held in the month of February 2011. The workshop deals with construction progress made, challenges faced, future plans etc.
- A newly set up dep't, **Construction Management**, responsible for the overall construction activities of the UCBP sites is under formation. Once formed, Manfred Off is to be in charge of the department.

Infos from the sites...

- Preparations for **cobblestone pavement** are ongoing at Debre Markos site. Contracts are signed by SME's at Debre Birhan and Dese sites while operations have started at the following UCBP sites:

Sites	Paved walkways (Sqm)
Adama	10,924
Axum	6120
Semera	840
Sodo	520

- **The contract** for WWTP technology has been signed at Debre Markos site in January 2011.
